About This Content

Imagine a place where all that is lost and forgotten goes; old toys, letters, socks. The Forgotten Lands is a magical world inhabited by Forgotlings; living mislaid objects longing to be remembered.

Forgotton Anne is a seamless cinematic adventure with meaningful storytelling and light puzzle platforming. You are Anne, the enforcer who keeps order in the Forgotten Lands, as she sets out to squash a rebellion that might prevent her master, Bonku, and herself from returning to the human world...

Collectors Upgrade Features:

- Artbook: The Art of Forgotten Anne

Delve into the gorgeous art of Forgotten Anne. This digital artbook contains over 90 pages of art from the game and the development process including early sketches, storyboards, and much more.

- Forgotten Anne Early Prototype

Run and jump your way through early iterations of locations in the game and discover the development process with developer notes scattered throughout.

- Anne's Theme music sheet

Get your hands on a “forgotten scroll” containing the musical notation for an original beautiful piano arrangement of Anne’s Theme.

- Collection of Anne's gameplay Sprite Sheets

Study Anne's movements with this collection of Anne's ingame animation frames. Contains 10 sprite-sheets in high resolution.

- Forgotten Anne Orchestral Soundtrack
